Loppers for Public Rights of Way Wardens

I wanted some loppers to fit in my backpack. I could not find many models with short handles. This note is a summary of my findings.

Felco

211-40

Bought on-line through worldoffelco.co.uk (London) 16-APR-20.

Approx. 400 x 170 mm, 675 g (my weighing) or 715 g (website)

201-40

400 mm, 713 g

In response to an email on 5-NOV-24 World of Felco wrote *"The 201-40 model has a narrower cutting head to great for getting into tighter spaces and the 211-40 has a rounder more curved cutting head so great for hardier cutting."*

20 (Heavy Duty)

430 mm, 830 g

Bahco (Pradines)

BHP114-SL-40

Not very widely available on-line in UK

Fiskars

L70 or L90

email from Fiskars 10-APR-20 *"These models are not ones we sell into the UK ourselves as they are not part of our range – the L70 can be obtained from some retailers who source from elsewhere"*

L31 or L32

Approx. 387 x 180 mm, 400 g

Same product except colour (email received 7-OCT-24)
